ANA Summer Seminar Highlights Area Attractions and Numismatic Offerings

May, 24 2016—The American Numismatic Association's premier educational event, Summer Seminar, is a great vacation for the whole family. While the studious collector is in the classroom, friends and family can embark on non-numismatic adventures and day trips.

“Spousetivities” are daily excursions arranged by the ANA for guests and family to enjoy while Summer Seminar students attend classes and workshops. All of the activities are a la carte, so participants can select one, some or all.

“Intersession”—the two days between Session 1 and Session 2—is a wonderful opportunity to explore some of the Pikes Peak region's popular attractions, take in a tour of the Denver Mint, or attend the local coin show.

Each excursion is priced to include transportation costs and admission fees. Early registration is recommended as space is limited. For a full list of tours and daytrips, please refer to the Summer Seminar catalog, or visit www.money.org/summer-seminar.
