The Course Catalog for the American Numismatic Association's 39th annual Summer Seminar in Colorado Springs is available online and as a special pull-out supplement in the February *Numismatist*. It includes complete descriptions for 38 classes and 11 evening mini-seminars including nine offerings that are new for 2007.

Summer Seminar is a once-a-year opportunity for numismatic scholarship and camaraderie that offers students a varied selection of week-long courses. Session I is June 24-29 and Session II is June 30-July 6.

"The list of instructors for Seminar 2007 is exceptional," said Jane Colvard, manager of education planning. "Many of the classes will fill quickly, so I encourage students to register as soon as possible to guarantee placement."
