

LETTER PERFECT

▲ The Federal Reserve System Seal is to the left of the portrait of Alexander Hamilton on this Series 2004A \$10 Federal Reserve note. The "D4" to the left of the seal and the "D" in the serial numbers indicate the issuing bank (Dallas).

THE U.S. BUREAU OF Engraving and Printing produces and delivers bank notes for distribution by the Federal Reserve System, which is divided into 12 districts. Beginning with Series 1996 Federal Reserve notes, the seal to the left of the portrait represents the entire Federal Reserve System. The issuing Federal Reserve Bank district is identified by the second prefix letter in the serial number as well as by a letter and number below the left serial number.

Match the 12 Reserve Banks listed below with their letter-number designations. Then find the banks in the word-search puzzle.
