

FLAG DAY

FLAG DAY is celebrated each June 14, marking the day in 1777 that the Continental Congress resolved “that the Flag of the thirteen United States shall be thirteen stripes, alternate red and white; that the Union be thirteen stars, white on a blue field, representing a new constellation.” It is only fitting that the Stars and Stripes appear in U.S. coinage designs.

Test your numismatic knowledge of flag-adorned coins by matching the circulating and commemorative issues listed below with their photos at left.
